

For Immediate Release

PEAK® ANTIFREEZE JOINS ANDRETTI GREEN RACING LINEUP FOR 2007 SEASON

INDIANAPOLIS, Ind. (May 22, 2007) – PEAK Antifreeze today announced its sponsorship of Andretti Green Racing, the winningest team in Indy Racing League history, for the 2007 IndyCar Series season.

Marketed and distributed by Old World Industries, one of the largest privately-owned companies competing in the automotive aftermarket, PEAK Antifreeze is an associate sponsor of Andretti Green and is also the "Official Antifreeze & Coolant" of Danica Patrick's #7 Team Motorola entry.

"We're delighted to have PEAK onboard for the 2007 IndyCar Series season," said Michael Andretti, who co-owns Andretti Green Racing with partners Kim Green and Kevin Savoree. "PEAK has a standard of excellence in the automotive industry that is second-to-none and we're proud to add their brand to the Andretti Green family."

PEAK Antifreeze can be found at major retailers such as AutoZone, NAPA, Pep Boys, O'Reilly, CSK, Meijer, Wal-Mart and Walgreens. In total, Old World products are sold on the shelves of more than 200,000 outlets nationwide, across every retail channel – whether automotive, mass merchandise, home/hardware, food/drug, or convenience.

"I'm thrilled that PEAK has joined the sponsor family at Andretti Green," said Patrick. "They have been a long-time supporter of mine and I am glad they are continuing on with me at AGR as we chase our first IndyCar Series win together."

Since joining the Indy Racing League in 2003, Andretti Green Racing has claimed 24 IndyCar Series victories including the 2005 Indianapolis 500, four wins in the Pro Series and two IndyCar Series championships. In 2007, AGR is also fielding an XM-sponsored Acura-powered Courage in the American Le Mans Series.

About Old World Industries

PEAK Antifreeze is manufactured, marketed and distributed by Old World Industries, which is among the largest privately-held companies competing in the automotive aftermarket. The Northbrook, Illinois-based company enjoys a presence in various consumer product markets, energy exploration, and chemical manufacturing in more than 50 countries worldwide.
